RE: GN Docket 11-65

Dear Chairman Genachowski,

The Fox Cities Chamber of Commerce & Industry would like to reiterate its support for the proposed merger between AT&T and T-Mobile.

We believe this merger can give businesses and consumers in the state of Wisconsin faster and more reliable high-speed Internet access. With this merger, more businesses will gain access to 4G LTE technology, helping them to connect and compete. We believe this merger will result in more investment in our state than these two companies would have undertaken independently.

The broadband infrastructure in our state will be enhanced and expanded, which will help drive additional investment and business growth. Ultimately, this will create jobs for Wisconsin residents and help our state thrive.

The Fox Cities Chamber of Commerce & Industry encourages you to support the acquisition, thus insuring our businesses have access to technologies that will help them continue to compete and grow.

Sincerely,

A handwritten signature in cursive script, reading "Shannon Meyer".

Shannon Meyer  
President & CEO
